PROCUREMENT NOTE NO. 140  
REVISION NO. 3

13 APR 1981

REVIEW OF PROCUREMENT ACTIONS  
BY THE AGENCY CONTRACT REVIEW BOARD

1. The purpose of this revision to Procurement Note 140 is to advise all contract elements that the Deputy Director for Administration has established an Office of the Information Handling Systems Architect (see [redacted]). The mission of the office is to guide and plan the provision of information handling services to meet Agency and Intelligence Community user needs at minimum cost and to do so with security and system robustness requirements. The head of the office has the title "Information Handling Systems Architect" (IHSA).

STAT

2. Henceforth, the IHSA will act as an advisor to the Agency Contract Review Board on all procurement actions involving information handling systems. An extra copy of the docket involving information handling systems should be provided to Procurement Management Staff/OL. Procurement Management Staff is responsible for forwarding the extra copy to the IHSA.
